Overview

This document contains technical release notes relating to the PleaseReview 7.8 Veeva Vault integration.

PleaseReview Server 7.8.0 is required to install this version. If you are in any doubt, please contact Ideagen support for guidance. If this is a new Veeva Vault integration, please refer to PleaseReview v7.8 Veeva Vault Installation Guide for guidance.

There is no Veeva Vault Upgrade Guide to upgrade from 7.7 to enable Redaction Workflow as you will need to configure it from the start. Please refer to PleaseReview v7.8 Veeva Vault Redaction Workflow Installation Guide to configure Redaction Workflow. It is required that the PleaseReview system is integrated with Veeva Vault before patching starts and the integration is fully operational.
